

VT WEB VIRTUEMART INSTALLATION

1. Login ke virtuemart administrator.
2. Masuk ke halaman Extension -> Extension Manager -> Install

The screenshot shows the Joomla! Administration interface for the Extension Manager. The top navigation bar includes 'Site', 'Users', 'Menus', 'Content', 'Components', 'Extensions', and 'Help'. The main heading is 'Extension Manager: Install'. Below this is a sub-navigation bar with 'Install', 'Update', 'Manage', 'Discover', 'Database', 'Warnings', and 'Install languages'. The 'Install' tab is active. The page contains two main sections: 'FTP Login Details' and 'Upload Package File'. The 'FTP Login Details' section has fields for 'User Name' and 'Password'. The 'Upload Package File' section has a 'Package File' field (highlighted with a blue circle), a 'Pilih File' button, a status message 'Tidak ada file yang dipilih', and an 'Upload & Install' button. Below this is the 'Install from Directory' section with an 'Install Directory' field containing 'C:\xampp\htdocs\joomla/tmp' and an 'Install' button.

3. Upload paket zip dan install.
4. Masuk ke tab Manage lalu aktifkan status plugin.

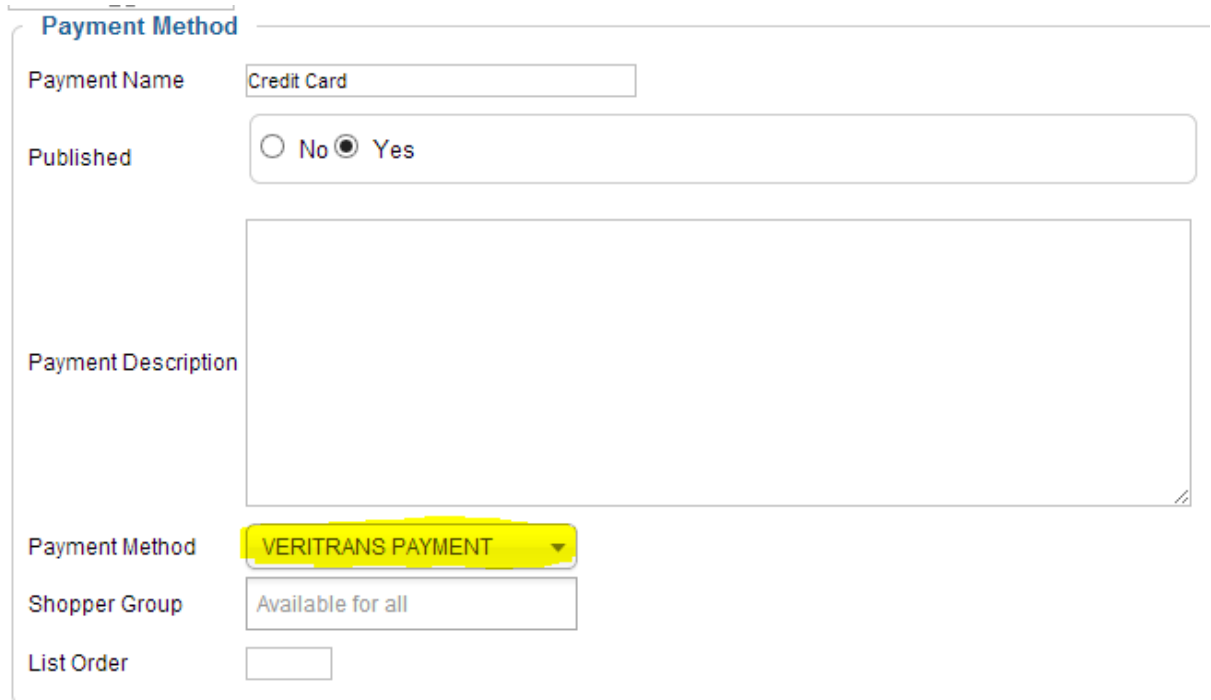

The screenshot shows the Joomla! Administration interface for the Extension Manager, now in the 'Manage' tab. The top navigation bar is the same. The main heading is 'Extension Manager: Manage'. Below this is a sub-navigation bar with 'Install', 'Update', 'Manage' (highlighted in yellow), 'Discover', 'Database', 'Warnings', and 'Install languages'. The 'Manage' tab is active. The page contains the 'FTP Login Details' section and a table of installed extensions. The table has columns: Name, Location, Status, Type, Version, Date, Author, Folder, and ID. The first row shows 'VERITRANS PAYMENT' with a status of 'Enabled' (indicated by a green checkmark in a yellow box). The 'Status' column header is also highlighted in yellow. Below the table is a 'Display # 20' dropdown menu.

Name	Location	Status	Type	Version	Date	Author	Folder	ID
VERITRANS PAYMENT	Site	Enabled	Plugin	beta	October 2013	Veritrans - Developer	vmpayment	10060

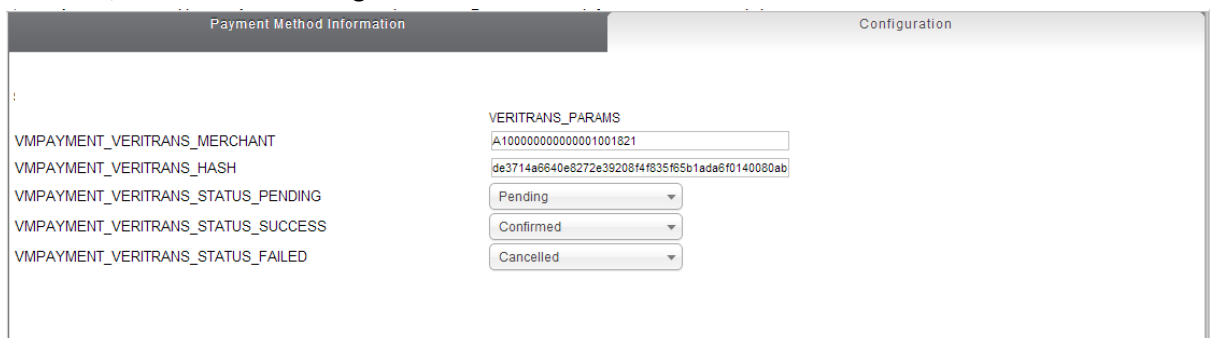

5. Masuk ke tab Components -> Virtuemart

- Pilih Menu Payment Methods, lalu pilih perintah Create New

Isi form yang tersedia, pilih “VERITRANS PAYMENT” dalam field Payment Method

- Klik Save, Lalu buka tab Configuration

Isikan Merchan ID dan Merchant Hash Key Anda.

- Klik Save and Exit
 - Buka akun Anda di payments.veritrans.co.id/map
 - Masuk ke halaman Setting -> VT-Web Configuration
 - Masukkan “[homepage toko Anda]/index.php?option=com_virtuemart&view=pluginresponse&task=pluginresponsereceived&pm=[ID Pembayaran]&orderid=0” dalam field Payment Notification URL
- ID Pembayaran bisa di dapat di halaman Manage Extension di administrator Virtuemart
